AFTER MARKET REPLACEMENT COILS

Heatcraft Refrigeration Products made to order replacement coils, with true "Made to fit" heat exchangers per your specifications. We can engineer product to match your design requirements by utilizing a large variety of construction materials and face areas of virtually any size.

Four simple steps to order a coil:

1. Contact your Lovelocks or Kirby branch, or your local representative and obtain a RFQ form. (Also available on the website www.heatcraft.com.au)
2. Complete RFQ form details or have your representative assist in measuring the coil, and return form to branch.
3. Within 24 hours you will receive quote with estimated time of delivery.
4. Place your replacement coil order through your local branch

IT'S THAT EASY!
